Social Media Paid Ads

Targeted paid ads on social media are one of IdeaSeat's specialties. Our professional social media managers are aware of the latest trends in the digital marketing space and experienced with any advertising platform you plan on using. Since each social media site uses different metrics and engagement tools, a successful paid ad campaign across multiple platforms requires a team with knowledge of all of them.

Instagram Marketing

Instagram is a huge platform for building your business's brand image. With over 1 billion active users every month, IdeaSeat's social media experts know the importance of the platform for any Chicago social media company. Content-based digital marketing relies on visual planning based on analytical research. As a top social media agency, we create the best ads for the platform so that your business can optimize and implement its strategies.

LinkedIn Marketing

LinkedIn marketing focuses on business clients. Solutions on its platform rely on knowing how social outreach differs on LinkedIn and how content can be integrated into a marketing strategy. LinkedIn ads have a ranking system that our social media experts know how to utilize to build your brand. Social media packages at IdeaSeat include LinkedIn as a major source of digital marketing and media planning.
